MY BUSINESS

My Company's Called: The RealReal

Was this the original name? (twitter was first called Odeo for example):

yes
I Came Up With The Idea While I Was: drinking wine with two friends and balancing a laptop on my knees looking for URLs I could afford and were strategically "on brand"

The First Thing I Did Was: The business plan.

These are The People Who Financed It: Friends, family, me and then the big guns came in - Canaan Partners, eVentures, Interwest, Greycroft.

What three adjectives best describe your company culture?

FOCUSED CREATIVE TALENTED

My proudest moment so far: \$4M month - our first! A FEW MONTHS AGO
move to our 35,000 SQ FT OFFICE IN SF

My lowest moment so far: when the Internet went down for 6 hours in our first office and we couldn't take orders, ship, merchandise - LOTS OF ANGRY CUSTOMERS

The company started with 3 employees, the company now has 135 employees

The man I most admire: - OH COME ON - MY ARTIST FATHER - JAMES WAINWRIGHT - and then Lincoln -

The woman I most admire: RIGHT NOW - HILARY CLINTON - SO MANY WOMEN HEROES FOR ME - MY MOTHER OF COURSE, ANY WOMAN THAT GETS UP EVERY DAY AND TRIES TO MAKE A DIFFERENCE

Despite what they say, this is bullshit:

MONEY AND SUCCESS DO NOT MAKE YOU HAPPIER.

Deep Thought I Will Leave You With: CREATING A GREAT BUSINESS IS ONE OF THE MOST CREATIVE AND CHALLENGING THINGS ANYONE CAN DO. IT IS THE ULTIMATE CREATIVE ENDEAVOR.
